AQUA GROUP

- **AQUA GROUP** India's number one pump Manufacturer
- Makers of most reliable pumps under **TEXMO** and **AQUATEX** brand.
- Founded in the year 1956 by Mr. Ramasamy whose customer centric and quality conscious approach is still followed by **AQUAGROUP**
- Manufacturing wide range of pumps for Domestic, Agricultural and Commercial applications
- Over 1100 exclusive dealers and 21 branches spread across the country
- Exporting under 'atx' brand to the Middle East, Japan, France, North Africa to name a few.

Key achievements:

- Top rank award from Bureau of Energy efficiency (BEE) for selling the highest number of STAR RATED pumpsets for 4 consecutive years.
- First and only Indian pump company to be awarded the consistency in excellence award for TPM by Japan Institute of Plant Maintenance (JIPM)
- ISO certified for quality management systems, safety and environment
- Received many awards from EEPIC India for exports of pumps.

NEER Series Single phase self priming Mini Monoblock Pumps.

'TEXMO' Neer series single phase self priming mini monoblock pumps are rugged in construction and efficient. They are manufactured with stringent quality control at all stages. They are highly efficient, reliable and valuable for money pumps.

Salient Features of Mini Monoblock Pumps:

- Powder coated motor frame.
- Permanent split capacitor for efficient operation.
- Inbuilt thermal overload protector (T.O.P)
- Inbuilt non return valve (NRV)
- Easy to install and need simple maintenance.

Materials of Construction:

Motor:

- Robust single phase TEFC motor
- Double shielded ball bearings
- Extruded Aluminium Motor Frame

Pump:

- Impeller : Forged Brass
- Shaft : EN8
- Mechanical Seal : High quality Carbon vs Ceramic

Applications:

- Water transfer from underground sump to overhead water tank in houses and apartments.
- Domestic pressure boosting.
- Curing water supply at construction sites.
- Car washing.

- NOTE:**
1. The given performance is based on rated voltage and rated frequency and as per the relevant BIS standards.
 2. Total head includes static suction, static delivery and friction losses in pipes and bends.
 3. The maximum static suction head is upto 6 meters at mean sea level.
 4. The self priming time depends upon static suction, installation conditions and the usage of the pumps.
 5. Due to continuous efforts for improving performance value, information furnished is subject to change without notice.

Warranty: All products carry a 12 months warranty from the date of purchase against manufacturing defects.
